

Chetan Senta

✉ chetansenta11@gmail.com ☎ +91 6354408854  [Chetan Senta](#)  [ChetanSenta](#)  [Coding Profile](#)

B.Tech in Computer Engineering student with skills in C++, Data Structures, and Algorithms. Passionate about competitive programming and building scalable, efficient solutions with optimized and maintainable code.

Education

Charotar University of Science and Technology

CGPA : 7.38/10

2024 - Present

Anand, Gujarat

Experience

Oasis Infobyte

May 2026 – Jun 2026

Web Development and Designing Intern

Remote

- **Engineered** a full-stack Pizza Delivery Application using **React.js, Node.js, Express.js, and MongoDB** with **JWT-based authentication**, supporting **100+ simulated users**.
- **Implemented** user registration, login, email verification, password reset, and **role-based access control**, securing **10+ RESTful API endpoints**.
- **Built** a dynamic pizza customization module with **10+ ingredient options** and numerous unique order combinations.
- **Designed** an **Admin Dashboard** for inventory management, stock level monitoring, report generation, and automated low-stock notifications, reducing manual tracking efforts by **60%**.
- **Developed** a real-time order tracking workflow with **5 order statuses** from placement to delivery, enhancing customer engagement and transparency.

Projects

Cashen | *Node.js, Express.js, PostgreSQL, HTML, CSS, JavaScript*

- Developed a scalable **Full Stack Web Application** for **budget management**, supporting smart expense categorization and monthly/yearly budget planning.
- Engineered **RESTful APIs** using **Node.js** and **Express.js** for **CRUD operations** on expenses and budget summaries, enabling seamless **client-server communication**.
- Designed a responsive, **cross-browser frontend interface** with an **interactive dashboard**, enabling **real-time analytics, data visualization**, and budget alerts.
- Implemented **secure authentication** to ensure **data privacy** and protected access to user financial records.
- Designed a normalized **PostgreSQL** schema across users, expenses, categories, and budgets for efficient **data storage, querying, and retrieval**.

Technical Skills

Areas of Interest: Competitive Programming, Problem Solving

Languages: C/C++, Java, SQL, Python

Databases: PostgreSQL, MySQL

Developer Tools: VS Code, GitHub, GitHub Copilot

Coursework: DSA, OOP, DBMS, SE, CN

Soft Skills: Event Management, Team Management

Licenses & certifications

McKinsey.org Forward Program - 2025

[certificate]

- Earned the McKinsey.org Forward Program Badge Developed skills in **problem-solving, structured thinking, digital readiness, collaboration, leadership, and data-driven decision-making**.

Oracle Cloud Infrastructure 2025 Certified AI Foundations Associate

[certificate]

- Oracle Cloud Infrastructure (OCI) 2025 AI Foundations Associate Certified with skills in **AI/ML, LLMs, Generative AI, Responsible AI, and cloud-based AI deployment**.

Achievements

- **Codeforces** : Newbie (Max Rating 1068)

[Chetan_31]

- **LeetCode** : Max Rating 1473

[Chetan_31]

- **CodeChef** : 1-Star (Max Rating 1088)
